Boys' and Girls' State

Members of Girls' State: Jenny Arko, Michele Smith, Valarie Lane, and Sara Gorinac.

Boys' and Girls' State took place last summer. Five boys and four girls were chosen to represent Marysville.

The students learned many things about state and local government which they used as they took part in a mock government.

Roger Bundy, Matt Fraley, Ted Golubinski, Tom Herbert, and Dave Wilton represented Marysville at Boys' State. They stayed on the campus of Michigan State University.

The boys were sponsored by the American Legion or the Lions Club.

Jenny Arko, Sara Gorinac, Michele Smith, and Valarie Lane went to Central Michigan University as representatives of Marysville at Girls' State.

The girls were sponsored by the Marysville Education Association, the Marysville Lions Club, and the American Legion Auxiliary.

Seniors Have Quality Year!

The Class of 1989 class officers pose for their group picture in the parking lot. In the back row (L to R) are Kim Allen, vice-president, Gayle Emigh, treasurer, and Tom Herbert, president. Secretary Dawn Jozwiak is in front.

Class of 1989

The senior class, according to many members of the class, was lead by four very dedicated class officers.

Each officer had to take care of important tasks the kept the class in order and gave it direction. The senior year is a student's most memorable year, and it only turns out that way with good leadership from the top.

The class president, Tom Herbert took charge of fundraiser, class float building, the senior prom, and many other activities. He also had able assistance from the other officers. Kim Allen, the vice-president gave help and support whenever things got complicated and wherever she was needed. If Gayle Emigh, treasurer, had not taken excellent care and management of the class funds, the money would not have been there when needed for all the senior year costs.

The class secretary, Dawn Jozwiak, had to do the class records and do all the paper work that was needed to keep things in order and formalized.

These four leaders worked together and made important decisions to make this senior year a great memory.

Many in the senior class say, "Thank you!"

This year, the Class of 1989 won the first place award in the Homecoming float competition for their float.

The float itself was a train engine. The theme was taken from a current movie, "Throw Momma From the Train," and represented the same thing being done to our opponents.

Most of the seniors like the idea for this year's float and many contributed to the week of construction.

After three years of prior defeat in float competition during homecoming week, the seniors only had one last chance to win the coveted first place award, bragging rights for the rest of the school year, and pride in a job well done.

Senior Laurie Sanders was pleased with the first place float and said, "It was about time that we got a place other than last!" Other seniors shared her feelings.

Some dedicated float builders have fun while working on the first place senior float for homecoming. In front from left to right are Cathy Link, Shannon Medcraft, and Tina Camm.

Seniors: A Story of Excellence

This 1988-1989 foreign exchange students and members of the senior class gather in the library. From left to right, they are Rebecca White from Australia, Yuki Hayashi from Japan, and Barbara Meierhans from Switzerland.

School-police liason officer Mr. Mark Thorner demonstrates the use of a breath-a-lyzer test and how it works in determining if a person is legally intoxicated. Here he has Michelle Turner assist him.

Pals From Afar

Marysville High School had three foreign exchange students this year.

Rebecca White is from Newcastle, New South Wales, Australia. She commented, "I had wanted to be an exchange student since seventh grade, and other cultures have always been interesting."

Rebecca thinks that Michigan is a beautiful place with its snow and lakes to enjoy. She also said, "I like the way athletes slap hands. It's so quaint!"

Yuki Hayashi is from Tokyo, Japan, and was influenced to

be an exchange student by an American exchange student in his country.

Yuki believes that the people he met are nice and appreciated the fact that one can take many different subjects in school. He gave a computer class as an example.

Barbara Meierhans was born in Switzerland. She said, "A lot of things are so different so it is hard to tell what I like best. I like stores open on Sunday and the drive-thru's."

She added, "It is really fun to be an exchange student."

1989 SENIOR CLASS SONG

**NEVER TEAR US APART by
INXS**

Don't ask me what you know is true
Don't have to tell you I love your precious heart

CHORUS:

I...I was standing, You were there, Two worlds collided
And they could never tear us apart

We could live for a thousand years
But if I hurt you I'd make wine from your tears
I told you that we could fly cause we all have wings
But some of us don't know why

CHORUS

I don't ask me, I was standing, You know it's true
You were there, Worlds collided, Two worlds collided
We're shining through and they could never tear us apart

Play

REHEARSAL FOR MURDER

Overview:

From the revolting coffee of Nora's to the death of Monica Wells, the senior play combined a touch of comedy with the tragedy of a Broadway actress. The mystery of Miss Well's unknown killer kept the audience guessing right to the end.

Alex Dennison wrote a play which showed probable motives of Monica's friends and co-workers.

In the end it was a trap for Frank Heller who was the actual murderer.

Compared to HAMLET, REHEARSAL FOR MURDER used the same theme: "The play's the thing wherein I'll catch the conscious of the king."

"All in all the seniors' 'play-within-a-play' came together and was a success," stated the director, Miss Bev Butler.

Raquel Cangemi and Andy Switzer have fun while rehearsing for the senior play in order to break the strain and pressure of having to learn so much.

Junior Class Officers

The Junior Class was involved in many activities this year--the concession stand at the football games, the Junior Prom, and worked toward the all important senior year.

Leadership was needed for such a successful year.

Patty Pozios (top left in photo) was this year's president. "Everything went well this year. There was more work, but we were well organized," Patty commented.

Angela Gordon (top right in photo) served as the class's vice-president. "Our class had a blast trying to get activities

together and even more fun at them," said Angela.

Sue Berger (bottom left in photo) was the secretary for the junior class. Sue stated, "There's work involved in being an officer, but we worked together, got things accomplished, and had a great time doing it."

The treasurer was Marcilynn Zimmer. Marcilynn said, "During my first year as a class officer I discovered how much togetherness is involved when we planned activities, also, how close our class is."

The Right Stuff

This year, the junior class held its homecoming float building activities at Kim Emery's house.

The theme for floats this year was the movies, and the junior class chose "Vikings have the RIGHT STUFF."

The float was constructed mainly of black, blue, and white flowers that were made from garbage bags in case it rained the day of the parade.

The class sponsors thought that everyone worked hard on the float.

The float, "Viking I" placed second.

Junior Homecoming Princess

The Junior Class chose Cherie Rockwell to represent them as the Junior Princess for the Homecoming Parade and Dance this year.

Cherie commented, "I was ecstatic and highly honored to be chosen to represent the Class of 1990."

Cherie's father, Mr. Harold Rockwell, escorted Cherie on the night of the Homecoming football game and appeared

with her at halftime as is tradition.

Joe Miller escorted Cherie to the Homecoming dance, parade, and pep assembly.

Cherie is also involved with the Varsity Valhalla squad. She performs with the squad at basketball games.

Cherie received student council recognition for her part in Homecoming.

When Juniors Speak People Listen

Many juniors were asked a series of questions to obtain their responses. The following information was gathered:

Most students who were asked indicated a strong interest in attending college.

Most juniors seem to be undecided currently as to what college or university they will attend, but answers ranged from Wayne State to San Diego State.

College bound male juniors were varied in their career

choices, but being an attorney was a popular selection. A great number of females wanted to be involved with some type of business education.

What was hoped for in the future? Most indicated marriage and an established career. Job enjoyment was a key concern.

The worst aspect of high school? Many responses voiced concerns about learning what a true friend was.

Officers Lead With Class

Class Officers, FRONT (L-R): Tracey Moore and Heather Bellow. BACK: Denise White and Mindy Mallwitz.

The sophomore class elected Heather Bellow as their president. Heather was very active with her leadership and also participated in basketball and softball.

Heather said, "President is a very important job and I try my best to complete my job."

Denise White was chosen as the vice-president of the class and participated in basketball, volleyball, and softball.

"There are a lot of jobs that go along with the position of vice-president. But, I try and fulfill all of my expectations,"

commented Denise.

Mindy Mallwitz served as the sophomore class treasurer and was on the basketball, swimming, and track teams.

Mindy stated, "There is a lot of responsibility, but I had a good time being treasurer."

The secretary of the sophomore class was Tracey Moore, who also participated in cheerleading.

"This year we got a lot accomplished. We earned a lot of money and got a lot of help from the class".

Lori Adams Sophomore Princess

Lori Adams was the Homecoming Princess in 1988 and represented the Sophomore class.

Lori enjoyed the Homecoming. She stated, "It was a really fun experience."

When chosen by her classmates, Lori was very surprised and happy to represent her class.

Being the Homecoming princess made it a very long and hectic homecoming week for Lori. After finding an escort for the parade, pep assembly, and dance, she had to find a formal dress in less than a

week.

Finally, after a lot of preparation, it is the big night of the Homecoming game and ceremony. Lori was then escorted by her father for a photography session prior to the game and then over to the game for the halftime show.

Lori received flowers and a plaque for her participation as a token of appreciation and as a memento of the occasion from the Student Council.

Lori is involved with extra curricular activities, and participates on the cross country, volleyball, and track teams.

Sophomore Homecoming Princess Lori Adams, chosen by the sophomore class, is proudly escorted on Homecoming night by her father, Mr. Bill Adams.

Sophomore Float Takes Fourth

Unfortunately the Sophomore class float won fourth place, but they still had a lot of fun building it.

Secretary Tracey Moore said, "We had a lot of team work and cooperation. Every-

body pitched in and did a lot of work and had fun while doing it." This years theme of the float was "Vikings Die Hard".

Class advisor Miss Butler said, "They worked very hard and with creativity, and also

turned the work into fun. They should have taken first place. I was really impressed with their float. I was pleased with the help of the other class advisors that helped the Sophomore class with their float-building."

The other advisors were Miss Fedraw, Mrs. Keifer, Mr. McKeand, Ms. Standel, Mr. Vantiem, Mr. Wildermuth, Mrs. Seddon, and Mr. Domke.

The sophomores plan on winning it all next year.

Melissa Schulte, Beth Roberts, and Heather Arnold wash a semi at their car wash to raise money for the Sophomore Class.

Fund Raising

The Sophomore class fundraiser this year consisted of selling calendars and a car wash.

The Sophomore class Steering Committee was responsible for selling calendars to friends, family, teachers, and even neighbors.

Ms. Butler said "I'm very pleased with the efforts of the Sophomore class. They did an excellent job selling the calendars. I'm very proud of them."

The sale of the calendars was a new endeavor for a class. The calendars were

sold during November and made good Christmas presents and were in time for the new year.

The class added over five hundred dollars to their treasury with the project.

The car wash took place in September on a beautiful sunny day in front of Roberts' Florist in the Village Green Plaza.

The project earned the class over two hundred dollars.

The class seems well prepared for future needs.

must begin at the first round.”**

Freshmen Stride Out

Tara Schenck and Bob Koss are the subjects of an interview with freshmen on entering the high school.

The Freshman class all have one thing in common. It is their first year in high school. It is a new experience for all.

What is it like? What is good? Problems?

Two freshmen responded to these types of questions.

Tara Schenck enthusiastically stated, "High school has been great! At first, I felt lost, but once you get used to the schedule and meet more people, it's great!"

"You get more freedom, treated more like an adult, and included in more activities."

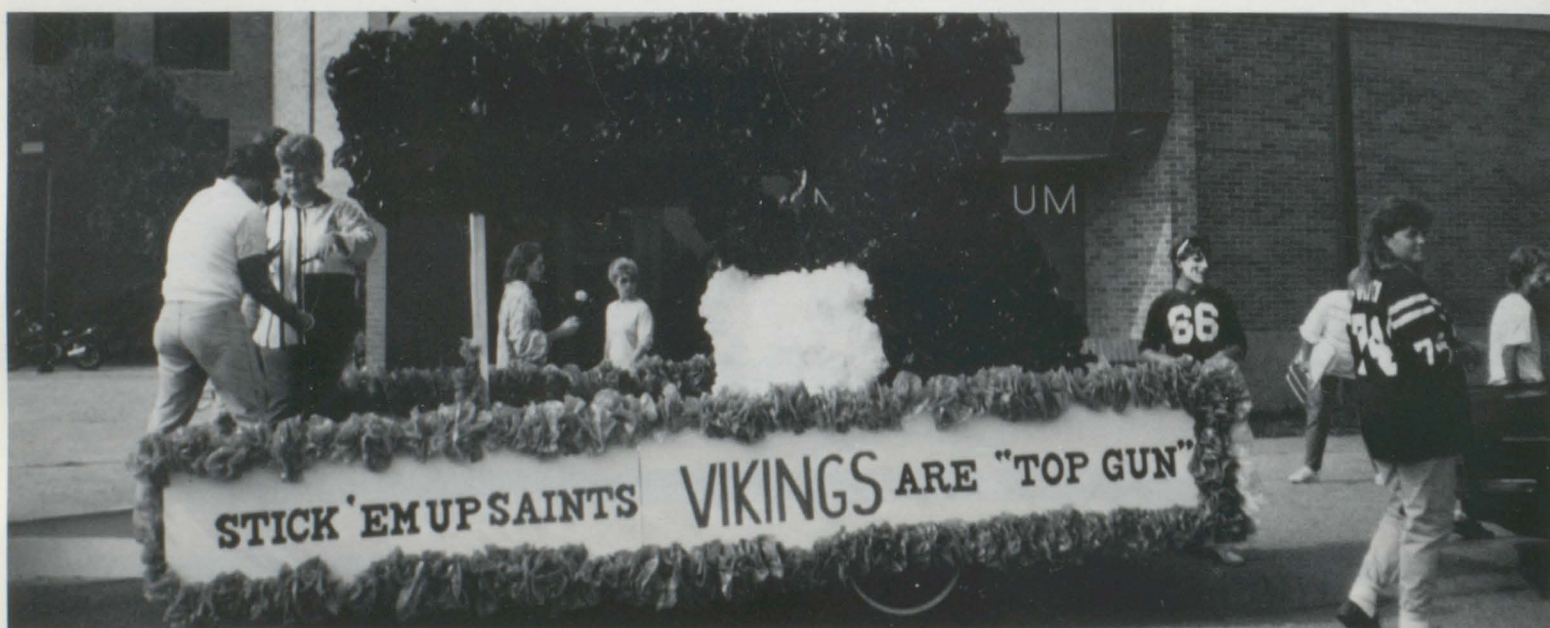

"The only bad thing is that there is more stress."

Freshman Bob Koss was

just as assured with his statements. Bob replied, "My opinion to being in high school is very positive. The atmosphere in high school has influenced my academical career tremendously. I believe that my pursuit of academic excellence at Marysville High School will be an asset in my life."

"As I further my academic career...I believe the Marysville education system has prepared me well."

Typical responses. Yes. The Freshmen like it.

Beginning Floatbuilding

"The class of '92 is very organized and is very hard working!" This was the statement of Ms. Sue Rutledge, a freshman class advisor, after working with the freshmen while they constructed the

float.

Ms. Rutledge added, "The class really worked well together, and I was impressed. It was fun working with them because I knew most of them

from over at the intermediate school."

The float was built at Hollie Goodmen's house. Mrs. Goodmen, all agreed, helped out a lot.

The freshman float is on display prior to obtaining third place in the homecoming competition.

The float theme was "Stick 'em, Saints. Vikings are TOP GUN."

A post game float burning party was held at Amy Fogarty's house.

Officers Take First Step

Amy Fogarty was the freshman class president. She said that she was very surprised when elected and that she was also happy.

Amy commented that the job was a lot of hard work, but that it paid off in the end.

Amy was quick to mention that working with other members of the class was also fun.

Amy participated on the JV basketball team and on the track team.

Renee Ernst was the class Vice-President.

Renee enjoyed working with her classmates. That was why

she liked her job so much.

Renee was also a member of the Freshman Cheerleading Team.

Chris Houck was the treasurer for the freshmen class.

Chris stated that, "It was fun to be part of the school activities while it lasts."

Chris participated in cross country and track.

The class secretary was Kelly Andrews.

Kelly said, "It was good to be involved in school activities with the class."

Kelly was a member of the freshmen cheerleading team.

The Freshmen class officers gather for a photograph. From left to right, they are: Amy Fogarty, President, Renee Ernst, Vice-President, Kelly Andrews, Secretary, and Chris Houck, Treasurer.

Freshman Princess

Kim Schroyer was the choice of the freshman class to represent them as the 1988 class Homecoming Princess.

The selection came as a surprise to Kim, but it was one that she was happy to fulfill.

Throughout the Homecoming festivities, Kim was escorted by junior John Brown. This included the Homecoming Parade, the Homecoming Pep Assembly, and the Homecoming Dance.

Kim's father, Mr. Gary Schroyer, as is tradition, es-

corted her to the Homecoming game and appeared with her at the halftime festivities.

"I got to know the other people on the court better. I really had a lot of fun," was Kim's response concerning her thoughts about the experience.

Kim enjoys participating in basketball, track, and gymnastics. To Kim, playing sports "is hard, but it pays off in the end...You have fun, and you meet a lot of people."

The board set goals for the year and worked on them as they strove to improve all aspects of education.

Members of this year's board were:

President.
Mr. Lawrence Eagen,
Vice-President.
Mr. William Berger,
Secretary.
Mr. George Gordon,
Treasurer.

Mr. Charles S. Andrews Superintendent of Schools

When comparing any product or organization, some often have a higher degree of quality than others. True quality is consistent and planned for. It will last through tests and trials in which others fail. Quality endures.

Quality is not fully appreciated, however, until it is gone. Once lost, it is almost impossible to regain. Marysville High School has been able to maintain a high level of quality for many years. Even though it is difficult to measure how much quality we have, we can see the components of quality in many areas.

Our community has come to expect quality and success from our academic and extra-curricular programs. Quality is evident the way that students and teachers have a respect for others' individual differences and are willing to be open and helpful on a daily basis. Quality is evident in the success of the graduates of Marysville High School. Quality is evident in the way our students take care of our facilities, have pride in the achievements of their cohorts and work within guidelines to enjoy the benefits of our educational programs.

Lasting quality depends upon the attitudes of all of us, from the Board of Education through to the employees, students, and parents of the District. If we become complacent and fail to meet our individual responsibilities, quality will become a thing of the past that cannot be regained.

The Viking Yearbook is a mirror of all the other quality programs at Marysville High School. By taking advantage of the opportunities available, each of you can use your experiences as building blocks on which to build a successful life — a quality life.

Administration

It's not uncommon for new people in our district to say that the reason that they moved to Marysville is due to the QUALITY EDUCATION their kids will receive.

The expectations of QUALITY is taken as both a compliment and a challenge by many in the district. While we like to hear people say that there is a quality education to be found in our community, more importantly, the comment gives us an ongoing challenge to work hard every day to maintain a sound, positive, and productive curriculum filled with QUALITY.

QUALITY is an intricate part of the Marysville schools. It is composed of hard work, a positive atmosphere, a community that cares, and a dedicated staff who share of themselves with students.

Mr. Joseph Grosser: Principal

A recent speaker indicated that an education is a TICKET to a successful and productive life, but, NO GUARANTEE. IT is, at least, a TICKET. Without IT, the future of our young people, as they approach the 1990's, is something less than optimistic.

Today's youth, our sons and daughters, are, and will continue to face a very competitive, yet exciting world. As parents, and educators, we need to guide and assist them in their preparation.

The entire staff at Marysville High School is committed to offering a curriculum, encouragement, support, and opportunities for our students to secure a TICKET.

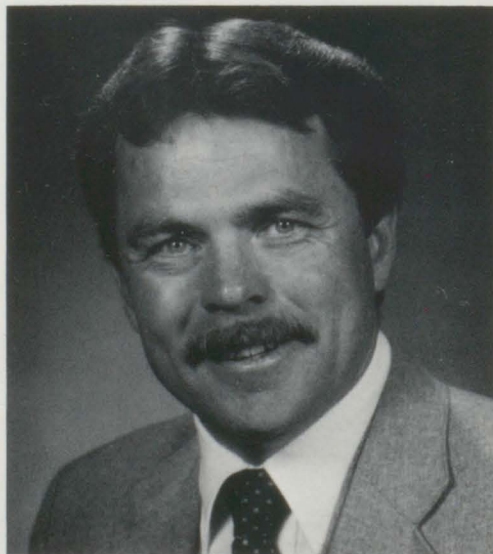

Mr. Thomas Hadden: Assistant Principal

We here at Marysville High School are a very proud family. There is a general feeling of "well being" that permeates the atmosphere which results in the projecting of positive attitudes and attributes of each other. We believe in the strong relationship between the academic and the extracurricular activity arenas in bringing about a winning spirit, there is less trivia with regard to problems and negativism.

Make your experiences at Marysville High School very positive experiences. Take the ball and run with it! Sooner or later you are going to score!

Active student council members donate food to the Salvation Army Food Drive for the Christmas season.

The 1989-1989 Student Council was very busy with food drives, blood drives, managing post-game dances, Homecoming, Coming Home, and numerous other social and educational projects.

This year's officers leading the council to its successes were Cheryl Spencer, President, Missy Closs, Vice-President, Carrie Dunn, Secretary, and Mike Abdou, Treasurer.

The advisor for the Student Council was Mrs. Tina Seddon.

The student body as a whole saluted the council.

Jeff Gignac keeps a positive attitude while donating blood during the Student Council blood drive.

National Honor Society

The National Honor Society had an active year within the school and the community.

Laurie Sanders was selected as the president, Kris Dawson as vice-president, Tom Herbert as treasurer, Jenny Arko as secretary, and Patty Pozios was the historian.

To be a member of the National Honor Society, one had to be active in extra-curricular activities, maintain a 3.5 or better grade point average, and demonstrate high standards of character.

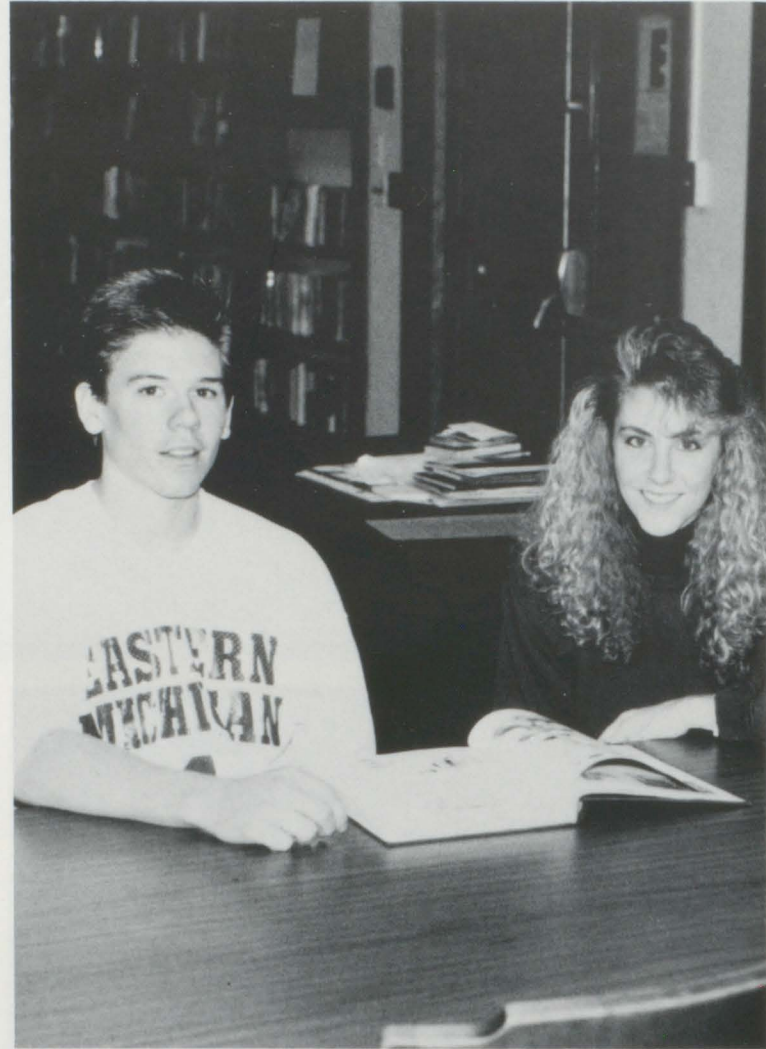

The members sponsored a Christmas party for the students at Woodlands.

A Tutor Club was managed by the organization to assist any student in any subject.

A spring trip was planned and funding was through a candy sale.

Ms. Standel, high school counselor, served as the sponsor and advisor of the National Honor Society.

Editors Take Charge

Seniors Georgia Telegadas (left) and Gayle Emigh worked together combining their years of experience and knowledge to serve as Editors-in-Chief.

Georgia Telegadas and Gayle Emigh shared the responsibilities of Editor-in-Chief of the 1988-1989 yearbook.

They coordinated the yearbook production, monitored deadlines, helped staff members, assisted the instructor of the class, and proofread all copy.

One might wonder why anyone would want the position. Georgia stated, "I thought I was ready after being on the staff for two years to take on the challenge."

Gayle Emigh and Georgia believed that if the two of them combined their knowledge and experience it would go much easier.

The yearbook staff also included department editors. They were:

ACTIVITIES EDITOR: This position was managed by Cara Wedge and Shelly Warsinske.

SENIOR EDITOR: In her first year in yearbook class, Kim Ganley put the senior section together.

BUSINESS EDITOR: For the fourth year in a row, this was handled by Stephanie Moore.

UNDERCLASSMEN EDITOR: The huge task was performed by first year sophomore Amy Sommerville.

ADVERTISING EDITOR: Without prior experience, senior Tina Camm directed a record performance.

STAFF EDITOR: The job was coordinated by sophomores Beth Roberts and Rhonda Sobczak sharing the duties.

COMPUTER EDITOR: Senior Cathy Link was responsible for all material being computerized.

SPORTS EDITOR: Sophomore Mike Cristick brought the athletic section together.

Teacher Mr. David Schmorow said, "Many were rookies, but acted like veterans."

Stephanie Moore, Business Editor for the fourth year, is busy keeping the records for the current year.

Working Hard To

Imagine what it would be like putting together a year of memories that will be shared for many years to come. All you have to do is walk through the door of Room 200 and you'll see 27 students writing, developing pictures, discussing deadlines, and what pictures will be used. There is also outside work such as sel-

ling ads, taking pictures and selling yearbooks. This years staff consisted of many new members. Mr. Schmorrow, the advisor, says that teaching new members is easier than teaching old ones.

This year the position of editor was shared by Gayle Emigh and Georgia Telegadas.

Computer editor Cathy Link and Co-Editor Georgia Telegadas work together to finish some material for the all-too-soon deadline that is coming up.

Dave Tovarez and Jenny Kustowski look through the yearbook files for information and pictures for the pages that they are each working on.

Preserve Memories

Rhonda Sobczak and Kristi Roehl are real romantics during Homecoming spirit week as they attempt to finish their pages for Yearbook class.

Mr. Schmorow gives directions during a discussion about final layouts.

Team Continues Success

The American Computer Science League is a national competition in computer programming that Marysville High School has had a team competing within for the last four years under the direction of Mr. Ken Vineyard.

The team, like previous teams, proved to be one of the finest in the nation.

The team's ranking was often the top in the State and in the midwest region.

This year's team continued the success of previous teams.

Trivial Pursuit With A Twist

Marysville's quiz bowl team enjoyed another successful year and a winning season in competition with other area quiz bowl teams.

Members of the team had to answer questions from literature, science, mathematics, history, and the like before members of another team did. The team that answers correctly first receives points for the response. The team with the most points after a set time period is the winner.

This year's team was captained by Matt Fraley. Fifteen students were members of the quiz bowl team.

The season ended with a major competition at the St. Clair County Community College.

Mr. Don Jarchow was the coach of the team, and he was assisted by Mr. Jim Puskarich.

Academic Awards

The Academic Award Program is designed to reward students who have demonstrated outstanding academic achievements during the school year. The counseling department establishes who has and has not met the requirements for the award.

To be eligible, students must maintain a 3.5 grade point average in each of his or her classes, be enrolled in either regular or honor classes, enroll in eight academic classes each year as freshman and sophomore students, and in six academic classes as juniors and seniors. The academic classes are En-

glish, social studies, mathematics, science, and foreign language.

The academic awards differ each year. At the end of the first year of eligibility, the student will receive a certificate. After the second year a letter bearing the designation SCHOLAR is awarded. A medal, the "Lamp of Learning," is presented after the third year. Upon graduation, a special diploma notation, a sticker, is attached to the student's diploma.

The Marysville High School students who received these awards for the 1988 school year are listed below:

Time Picks Earth As Top News

TIME magazine named the "endangered Earth" its Planet of the Year, departing from its annual Man of the Year designation to call for "a universal crusade to save the planet."

"This year the Earth spoke, like God warning Noah of the deluge," the weekly news-magazine said, citing natural and human-caused disasters from earthquakes to overpopulation to pollution.

In the cover article of its Jan. 2 issue, TIME warned of the destruction of tropical forests, global warming, toxic and radioactive waste, depletion of the atmosphere's ozone layer and overpopulation.

"Everyone suddenly sensed that this gyrating globe, this precious repository of all the life we know of, was in danger," TIME said. "No single individual, no event, no movement captured imaginations or dominated headlines more than the clump of rock and soil and water and air that is our common home."

Heavy Metal, dance-pop and teen queens were the heavy hitters among pop albums according to Billboard's year-end charts. But the year's triumph is George Michael's "Faith."

With the year's No. 1 album, Michael earned 16 listings and five No. 1 rankings in the year-end charts, higher than any since Michael Jackson's "Thriller" in 1984.

"Faith," which has sold nearly 7 million copies in the United States and more than 15 million world wide, has shattered records all year. It was the first album ever to generate six top 5 singles; the first white pop solo act to top Billboard's black singles chart; and the first to reach No. 1 on six Billboard charts simultaneously.

And counting the single "I Knew You Were Waiting for Me," released before the album, Michael had five consecutive No. 1 hits — the most ever for a male artist.

Has Pride and Spirit!

The Viking Regiment had a busy year under the direction of its officers: Valarie Lane, president, Laurie Marier, vice-president, Storm Maes, treasurer, and Bill Metzger, secretary.

The band did many things during the year that were new to the people and the band. They went to District XVI Band Competition in Utica and received a second division award.

The band had the varsity Valhallas perform with them at halftime and pre-game shows and at competitions.

The band purchased new uniforms this year and proudly displayed them as they became the first area band to participate at a college bowl game. The regiment travelled to Shreveport, Louisiana and performed at the Independence Bowl.

As always, the band participated in many parades, such as the Richmond Good Old Days, Blue Water Festival, Sarnia Christmas Parade, and the Marysville Memorial Day parade.

Band director Mr. Don Jarchow proudly commented, "The 1988-1989 Viking Regiment is one of my finest bands in my eleven years at Marysville. There is excellent leadership. They work hard and have a lot of pride. I really enjoyed working with this band."

In Love''

Mrs. Jarchow helps Bryan Webb grasp the fine art of putting on a skirt, a talent he did not possess.

The wedding of Jean MacLaren (Tracie Kent) and Charlie Dalrymple (Roger Bundy) is set to take place.

The 1988-1989 Marysville High School musical, BRIGADOON, was set in the highlands of Scotland where two young American men from New York lose their way.

While conversing about what is wrong in their lives, the Americans, Tommy Albright and Jeff Douglas, come across Brigadoon, a village that only appears once every 100 years, for only one day.

The villagers of Brigadoon greet the New Yorkers with a bit of tension in the market square where there is discussion of the wedding preparations for Jeannie MacLaren and Charlie Dalrymple. Both Tommy and Jeff find interests of their own in the villagers--- Tommy with Jeannie's sister, Fiona, and Jeff with a reluctant interest in the maid, Meg Brockie.

When Jeannie's rejected suitor, Harry Beaton, threatens the fate of Brigadoon, and Tommy learns he has to make the choice of staying in the world that does not please him or forever remaining with Fiona, whose beautiful charms captured him, the occasion is tinged with gloom.

When the day comes to an end, Tommy leaves to go back to America with Jeff, not able to commit himself to both Brigadoon and Fiona. But in New York, he finds himself haunted with memories. So, unhappy and restless, he is guided back to Brigadoon by the strength of his love for Fiona and faith in what he believes is right for him.

PRIDE!

The Flag Corps was made up of six members who band director Mr. Don Jarchow considered to be a vital part of the Viking Regiment.

They were involved with summer camp, the Blue Water Festival Parade, Homecoming, marching band competition, and hours of practice.

They also went to Louisiana with the band to perform in the Independence Bowl.

Viking Regiment Goes South!

The Viking Regiment made history this year by journeying to Shreveport, Louisiana to perform at the Independence Bowl.

This marked the first time that a high school marching band from the St. Clair County area had ever played at a bowl game.

It was also the longest trip the band had ever taken.

The ride on charter buses took twenty-four hours. Upon arrival, the band was housed at the Hilton Inn.

While in Shreveport, the regiment was involved in many activities: Shopping, sightseeing, a formal dinner/dance, two massed band rehearsals, and finally a game day performance.

The group from Marysville performed with high school bands from Tallahassee, Florida and Kansas, as well as two college bands, Southern Mississippi and Texas El Paso.

The marching band performed "Jingle Bowl," "Jingle Bell Rock," and "American Medley."

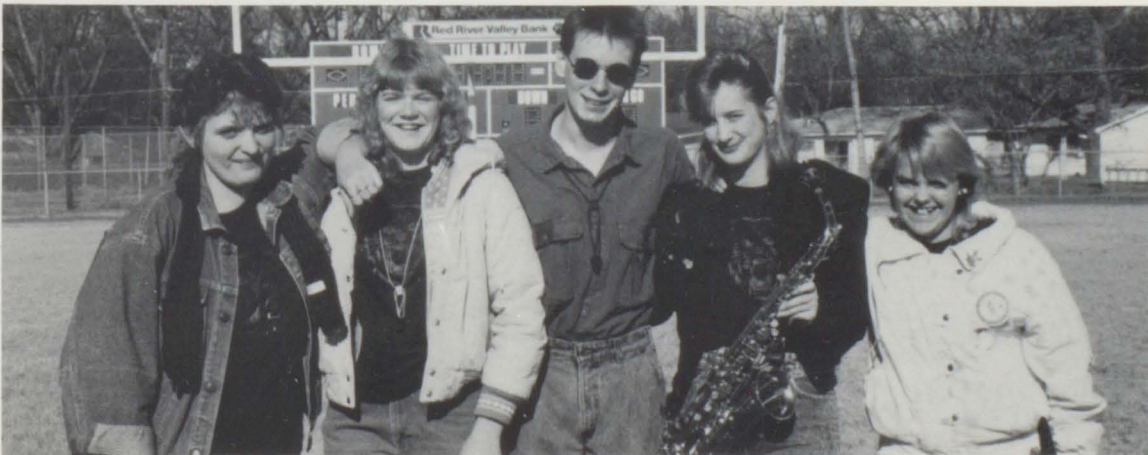

The Viking Regiment performs with all bands during halftime of the Independence Bowl football game.

Scott Rands is a little wet after being thrown into the hotel pool in Shreveport, Louisiana.

Phil Ritter is thrown into the same swimming pool at the Hilton Inn, however, he has his clothes on.

During a short break at the massed band rehearsal, Roger Bundy meets some new friends from Kansas.

The regular season saw the Vikings make it into the state playoffs with a perfect record and another S.C.A.L. championship.

The Marysville football team suffered its only loss of the season against Auburn Hills-Avondale in the first round of the tournament.

The Vikings were led by head coach, Mr. Walt Braun, and his assistants, Mr. Jim Venia and Mr. Mike Gkekas.

The co-captains of this year's team were Shawn Winston and Ken Hamblin.
